NEWSLETTER 1

February 2019.

Dear Friend of Tomaree Headland,

Firstly, thank you for your interest and support in this exciting project – we really appreciate it.

Things are moving along well, and we thought we would let you know what is happening of late.

In relation to this most worthwhile project, we advise we are meeting with the NSW Minister for Veteran Affairs – tomorrow 19th February to update the government on the project. We will meet with the management of the National Parks & Wildlife Services next week to establish a positive working relationship and endeavour to achieve common ground on the future of the Tomaree headland.

We are advised that the site is presently heritage listed with NSW Government and that is good news!

We understand that the present residents of Tomaree Lodge are staying in their present accommodation for the period 2019-2020, giving us time to properly plan the very best vision for this valuable historic site.

We will be keeping you up to date as we progress forward, and we would really appreciate if you could pass this newsletter to family and friends who may like to support us as well.

They can forward their details to this email address and be entered on our “Friends of Tomaree Headland” database. They will then receive all updates and of course the more FOTH (Friends of Tomaree Headland) we have will help us achieve our goals for this great project – (numbers count!)
